Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner emailed proposed amendments to the pro-se applicant for review and approval on February 26, 2004 (see attached). On February 26, 2004, the applicant and the examiner discussed the proposed amendments and how the proposed amendments were necessary to better distinguish the applicant's invention over the prior art of record, to overcome potential claim rejections under 35 U.S.C. 112, 2nd paragraph, and to eliminate minor informalities in the applicant's specification and abstract. During this interview, the applicant and the examiner agreed to the changes handwritten on the attached email. The applicant authorized the examiner to proceed with the changes, including the handwritten changes, via Examiner's Amendment. Refer to the Examiner's Amendment for a complete listing of changes.
